

laundry day

Cavetown

They're not coming back
You're living in the past
Keep it under wraps
Everybody knows

Laundry day, gonna shrink your shirt
Makes a perfect fit for me
Don't know when you'll learn
Little pieces of they're all home
All the better time for me
Please just let it go

It's been getting worse
But you don't wanna know
Ignoring how it hurts
Delaying getting old

Laundry day, gonna shrink your shirt
Makes a perfect fit for me
Don't know when you'll learn
On the wall of the overflow
Don't feel welcome here at all
Please just let it go

Stir crazy from hanging around
So her brother and me
Take her out of town
Silence loud and the forest burnt
Man, she doesn't want to be here
Don't know when I'll learn
