

Lyin' on your side  
Sinkin' like a stone  
Lie until you're right  
Wondering what it's like

If I die tonight, I'm just curious  
Haven't been myself, is it obvious?  
Tie the knot, pull the plug, is it obvious?  
(Wondering what it's like)

(Wondering what it's like)  
(Wondering what it's like)

Eat another uppercut  
I'm so hungry but I've had enough  
Drop a couple crumbs in conversation  
It's all just a bit of fun  
Can't promise you a fight, it's already done  
Crying's not polite  
Let the boa bite, swallowing the gum  
(Wondering what it's like)

If I die tonight, I'm just curious  
Haven't been myself, is it obvious?  
Tie the knot, pull the plug, is it obvious?

Wondering what- Wondering what it's like  
Wondering what it's like  
Wondering what- Wondering what it's like  
Wondering what it's like

If I die tonight, I'm just curious  
Haven't been myself, is it obvious?  
Tie the knot, pull the plug, is it obvious?

Wondering what it's like
