

Stay

Cavetown

It's true
That all that you know, is all that you are
You said that is all that you want and more
Fuck off, and pour another drink
Tell me what you think
You know that I'm too drunk to talk right now
You put your cigarette out on my face, so beautiful
Please, woman don't break your back for me
I'll put you out of your misery

Tell me that it's all okay (Tell me that it's all okay)
I've been waitin' on this all damn day (Waitin' on this all damn day)
Call me in the mornin', tell me how last night went
I'm here, but don't count on me to

Stay a little longer if you convince me
Tell me all the things that you have against me
Every time we wake up, the truth is fadin'
Everybody's blind when the view's amazin'
Damn who are we right now?

Can we have a little conversation?
Figure it out with no intoxication
We carry on, what is our motivation?
We're never wrong, how the hell we gonna make it?
Maybe we're used to this

Tell me, what are we to do?
It's like we only play to lose, chasing pain with an excuse
I love that shit and so do you
But don't break your back for me
I'll put you of your misery

Tell me that it's all okay (Tell me that it's all okay)
I've been waitin' on this all damn day (Waitin' on this all damn day)
Call me in the mornin', tell me how last night went
I'm here, but don't count on me to stay...

Tell me that it's all okay (Tell me that it's all okay)
I've been waitin' on this all damn day (Waitin' on this all damn day)
Call me in the mornin', tell me how last night went
I'm here, but don't count on me to stay
