

Time Adventure

Cavetown

Time is an illusion that helps things make sense
So we're always living in the present tense
It seems unforgiving when a good thing ends
But you and I will always be back then
You and I will always be back then

Singin', will happen, happening, happened
Will happen, happening, happened
And will happen again and again
'Cause you and I will always be back then
You and I will always be back then

If there was some amazing force outside of time
To take us back to where we were
And every memory like pictures on the walls
In a million tiny frames so that we can see it all

It would look like, will happen, happening, happened
Will happen, happening, happened
And here we are again and again
'Cause you and I will always be back then
You and I will always be back then
You and I will always be back then
'Cause you and I will always be best friends
