

## Ur Gonna Wish U Believed Me

Cavetown

You're gonna wish you believed me  
God, I wish I was happy  
The frayed threads of recovery  
Crushing me from above and underneath  
You're gonna wish you believed me

Fell asleep in the kitchen  
Slowly dissolving into my seat  
I don't wanna be hungry  
But nobody'll listen  
Except for the friend I'm imagining  
Curled up in my laundry

You're gonna wish you believed me  
God, I wish I was happy  
The frayed threads of recovery  
Crushing me from above and underneath  
You're gonna wish you believed me

I'm sorry for exploding  
I said some things I didn't mean  
And I don't know what came over me  
It's just that I'm really hurting (It's just that I'm really hurting)  
It's boiling above the Sertraline  
Colliding into the concrete

You're gonna wish you believed me  
God, I wish I was happy  
The frayed threads of recovery  
Crushing me from above and underneath  
You're gonna wish you believed me

You're gonna wish you believed me  
God, I wish I was happy  
The frayed threads of recovery  
Crushing me from above and underneath  
You're gonna wish you believed me
