

# Hush

Cavo

She wanna hold my candle  
She wanna burn the city down  
She wanna hold my handle  
She wanna make a lotta sounds  
Yeah

She don't wanna be in my dreams  
She don't wanna be in my dreams

Hush, hush  
Don't tell no one  
Hush, hush  
Don't tell no one

She wanna call me family  
And try to wear the biggest crown  
She wanna live like a big star  
And move to the brightest towns  
Yeah

But she don't wanna be in my dreams  
She don't wanna be in my dreams

And when the lights go down and kill the noise  
No one said I'd feel the void  
She don't wanna be in my dreams

Hush, hush  
Don't tell no one  
Hush, hush  
Don't tell no one

She don't wanna be in my dreams  
She don't wanna be in my dreams

And when the lights go down and kill the noise  
No one said I'd feel the void  
She don't wanna be in my dreams

Hush, hush  
Don't tell no one  
Hush, hush  
Don't tell no one  
Hush, hush  
Don't tell no one  
Hush, hush  
Don't tell no one  
Don't tell no one
