

Muscle Memory

Cavo

I don't feel bad
I don't feel anything
Cut it round like stone
Come around for anything
When I call you out
You come like a subtlety
When it all went wrong
We could've made a memory, a memory

What you got, what you got, what you live for
Noise pollution
Doesn't anyone leave in this town
To come back around
What you got, what you got, what you need now
Noise pollution
Doesn't anyone dream in this town

I don't feel bad
I don't feel anything
Come around like a storm
Come around for anything
When I call you out
You come like a subtlety
When it all goes wrong
We could've made a memory

All the nights you live the high
But never found a way inside
Holding on to dreams for so long

What you got, what you got, what you live for
Noise pollution
Doesn't anyone leave in this town
To come back around
What you got, what you got, what you need now
Noise pollution
Doesn't anyone dream in this town
Noise pollution

All the nights you live the high
But never found a way inside
Holding on when dreams are long gone

What you got, what you got, what you live for
Noise pollution
Doesn't anyone leave in this town
To come back around
What you got, what you got, what you need now
Noise pollution
Doesn't anyone dream in this town
Noise pollution
