

Run Run

Cazette

Crazy little town
People runnin' 'round
I feel safer on the ground sometimes
Has to face my fears
Trading in some nerves
I'll be runnin' 'round the world like that

Ooh, I think that you doubt
I think that you doubt
I get a break sometimes
Ooh, I think that you doubt
I think that you doubt

It's easier to run, run, run, run, run, run, run
Run, run, run, run, run, run, run
Run, run, run, run, run, run, run
We ran, we ran

A little runaway
A little runaway
A little runaway
A little runaway
A little runaway

It's like I'm standing still
Exerted all my will
If it's just harder to run sometimes
I had plans to run the world
But keep running from the world
It all caught up to me again

Ooh, I think that you doubt
I think that you doubt
I get a break sometimes
Ooh, I think that you doubt
I think that you doubt

It's easier to run, run, run, run, run, run, run
Run, run, run, run, run, run, run
Run, run, run, run, run, run, run
So we ran, we ran
It's easier to run, run, run, run, run, run, run
Run, run, run, run, run, run, run
Run, run, run, run, run, run, run
So we ran, we ran

A little runaway
A little runaway
A little runaway

Ooh, I think that you doubt
I think that you doubt
I get a break sometimes
Ooh, I think that you doubt
I think that you doubt

It's easier to run, run, run, run, run, run, run

Run, run, run, run, run, run, run
Run, run, run, run, run, run, run
So we ran, we ran
It's easier to run, run, run, run, run, run, run
Run, run, run, run, run, run, run
Run, run, run, run, run, run, run
So we ran, yeah, we ran
A little runaway
