

# The Last To Know

CeCe Peniston

You should know the way I feel  
I thought you were all alone  
Cause you told me that you missed me on the telephone  
Boy, I can't explain the way I feel right now

You and I have been together for quite some time  
I never knew you were wrong all along  
All I wanna know is

Why is it that I'm the last know?  
Why is it that I'm the last know?

I have noticed things have changed  
Cause the time we shared together's slowly fading away  
I didn't think that you would do this  
How could you have been so cold?  
Thought I'd be the first to know

You and I have been together for quite some time  
I never knew you were wrong all along  
All I wanna know is

Why is it that I'm the last know?  
Why is it that I'm the last know?

Why, oh why did I live a lie  
Thought I'd be the only one  
Boy, you found another one  
Cause the love shared today  
I thought forever would remain  
You were with somebody else

You were thinkin' of yourself

You and I have been together for quite some time  
I never knew you were wrong all along  
All I wanna know is

Why, oh why, oh why did I  
Even have to live a lie  
How could you have been so cold?  
Thought I'd be the first to know

Why, oh why, oh why did I  
Even have to live a lie  
How could you have been so cold?  
Why am I the last to know?

Why is it that I'm the last know?  
Why is it that I'm the last know?

You came into my life  
You seemed like Mr. Right  
What you did to me baby  
See, you're no good for me  
Guess you really didn't give a damn  
I thought you were my man

What you did to me baby  
See, you're no good for me

I could never imagine  
You would be with someone else  
And I would be alone
