

## Higher Place Of Praise

CeCe Winans

Now there's a place that's blessed  
Now there's a place that's blessed

Where we find happiness  
Where we find happiness  
A place of Sabbath rest  
A higher price of praise (praise, praise)

We lift our hands and  
We've learned to dance and  
Seems we've got the notion  
That we're going through the motions  
Now tell me really Is that victory, tell me

But there's a place I've found and  
It's a much higher mountain  
It wakes me early morning  
And I know it's Zion calling me into worship  
To give me life daily daily

Now when lie's not the norm  
In times of calm or storm  
My spirit, my soul and my flesh  
Needs this place of praise (praise, praise)

Now here's the story  
No flesh can glory  
In His awesome presence  
It's His Holy name we reverence  
This place is precious, powerful and pure (so pure)  
A higher place I've found  
Take me to higher ground  
The brightness of Your face  
Gives me a higher praise  
Higher, higher  
Higher, I wanna go higher  
The brightness of Your face  
Gives me a higher praise
