

## I Promise (Wedding Song)

CeCe Winans

I could tell by the way you smile  
I could feel it in your touch  
And I knew this heart of mine  
This time would fall in love

All the hopes and promises given  
And the pain that life can bring  
Will build our will and commitment to face anything

I will love you faithfully, forever unconditionally  
And my love I promise  
Everything I have is yours  
You're everything I prayed and waited for  
And my love I promise you

Now we begin our life today  
And though we've only just begun  
The quest until we're old and gray is the vow to live as one

Through the desert winds that blow  
I'll walk you through the winters cold  
I'll be there to keep the fire alive  
And when each passage we endure  
We will stay strong, we can be sure  
Our love survives
