Lowly

CeCe Winans

Lay down yourself young man
Let out some air
Oh won't you boy
God's got your blessing
But you got to come down to get it

The high is for the lowly
The high is for the lowly
The high is for the lowly
The high is for the lowly

Unless you come as a little child
You'll never see his face
His favor goes to the meek and mild
For them he's made a place
So consider today the best one
For the truth has met your ear
If you want to be a blessed one
The word has made it clear

You need to just
Lay down yourself young man
Let out some air
Oh won't you boy
God's got your blessing
But you got to come down to get it

The high is for the lowly
I don't care what you say
The high is for the lowly
I don't care what you do
The high is for the lowly
I don't care what you know
The high is for the lowly

Question fro the rich man
Is your grip too tight to go?
Is it ever good for a man to gain the world
And lose his very soul?

You need to just
Lay down yourself young man
Swallow your pride
Oh won't you boy
God's got your blessing
But you got to come down to get it

The high is for the lowly
I don't care what you say
The high is for the lowly
It's just God's way

The more of you got you are
The more that you will get
I done told you once
Best not forget

No no no no no no, oh
Best not forget
Ay ay ay ay a
Bets not forget
Said the high is for the lowly, oh
Best not forget

Ay ay ay ay oh oh...

Man, what's in your hand?
What is you're holding?

What is you're holding?
Let go of it

Man, what's in your hand?
What is you're holding?
Let go of it
I know you can
