

More Than This

CeCe Winans

Till I reach my goal and I see Your face
I will forever bow and worship You
Till I hear "Well done" and my assignment's through
I will forever bow and worship You

I'll give You more, more than this
I'll give You more, more than this
Not just a little, not just a part of me

Till You wipe all tears and there's no more pain
I will forever bow and worship You
Till You crack the sky and the dead arise
I will forever bow and worship You

I'll give You more, more than this
I'll give You more, more than this
Not just a little, not just a part of me
Not just a little, not just a part of me

Everything
I will lay it down at Your feet
My whole life poured out an offering
Lord, right here and now, all I am is Yours

Everything
I will lay it down at Your feet
My whole life poured out an offering
Lord, right here and now, all I am is Yours

I'll give You more, more than this
I'll give You more, more than this
Not just a little, not just a part of me

I'll give You more, more than this
I'll give You more, more than this
Not just a little, not just a part of me
Not just a little, not just a part of me

Hallelujah, hallelujah
Yeah

My heart cries, "Holy"
Lord, You are holy
My life is only to worship You

My heart cries, "Holy"
Lord, You are holy
My life is only to worship You

My heart cries, "Holy"
Lord, You are holy
My life is only to worship You

My heart cries, "Holy"
Lord, You are holy
My life is only to worship You

My heart cries, "Holy"
Lord, You are holy
My life is only to worship You

My heart cries, "Holy"
Lord, You are holy
My life is only to worship You

My heart cries, "Holy"
Lord, You are holy
My life is only to worship You

My heart cries, "Holy"
Lord, You are holy
My life is only to worship You

I'll give You more, more than this
I'll give You more, more than this
Not just a little, not just a part of me

But I'll give You more, more than this
I'll give You more, more than this
Not just a little, not just a part of me
Not just a little, not just a part of me

I'll give You more, more than this
I'll give You more, more than this
Not just a little, not just a part of me
Not just a little, not just a part of me

Come on and give Him more
