

The Coast Is Clear

CeCe Winans

Come rest your soul, the presence of God is here now
The coast is clear, you dont even have to worry
The truth is that HE's on your side
His love was given as a guide
What's left to fear, HE's saving you
Leave ur fears behind

Oh weeping brother, why are you crying
Wipe ur tears away from ur eyes and
See the glory, that lives within you
Take the perfect peace that only God can give you

Oh weeping brother, why are you crying
Wipe ur tears away from ur eyes and
See the glory, that lives within you
Take the perfect peace that only Him can give you

To all the weary and heavy laden,
Cast ur fears on Him
So you can breathe again
The time is right now
No hesitation
Claim the victory enjoy the celebration

Because of Him we don't have to fear the dark night
Because of Him we can dance up in the sunlight
Because of Him everyday is a testimony
So lift ur hands and give Him glory
He is worth our praise

Sing it with me one more time

Because of Him we dont have to fear the dark night
Because of Him we can dance up in the sunlight
Because of Him everyday is HALLELUJAH
Sing it loud now HALLELUJAH
He is worth our praise
