

Secrets

Cecilia Krull

I don't lie, I don't lie no more
I don't lie, I don't lie no more

Now you wanna know all my secrets
I understand but I prefer
To keep them for me
Now you wanna know all my secrets
I understand but I prefer
To keep them for me

I don't lie, I don't lie no more
I don't lie, I don't lie no more
I don't lie, I don't lie no more
I don't lie, I don't lie no more

I can't deny I was obsessed
When I discovered how you did it
I couldn't feel free
All this time overthinking
My mind has to stop it
And trust again in me

Don't you know (don't you know)
It was my fault (it was my fault)
Don't you know (don't you know)
I'm gonna try (I'm gonna try)

I don't lie, I don't lie no more
I don't lie, I don't lie no more
I don't lie, I don't lie no more
I don't lie, I don't lie no more

I don't lie, I don't lie no more
I don't lie, I don't lie no more
