Ooh-oh-ohhhhhhhh  
I see all the lonely people  
a-to my left and to my right  
And we've all one common interest  
and that's to not, be alone tonight  
For I could use your lovin', that is why I came  
And an interest brings her over  
But to, ensure she feels the same, order ChamPain

I'm gonna believe, everything, that you saaaaaaay  
Turn me on, set me free, to run and plaaaaaay  
But knowing you, everything, is okaaaaaaay  
ChamPain, ChamPain, take me awaaaaaaaaaaaaay

Her beauty is bubblin over  
as we sit and socialize  
And accidentally some gets on me  
But there is no need, to apoligize  
Oh darling, please behave yourself  
or you will be the blame  
And it's not complicated  
It's rather easy to explain, order ChamPain
