

Doing It All Together

CeeLo Green

I need, need you
You need me too
That means
We're doin' it all together
I'm here, you're there
You're kind and fair
That means
We're doin' it all together

Promises, promises
You just can't promise
Then take it away
If you're a liar
Then just 'cause you're beautiful
It's not okay

Through wind and rain
My friend, we've changed
But we still remain
Doin' it all together

You see...
Promises, promises
You just can't promise
Then take it away
If you're a liar
Then just 'cause you're beautiful
It's not okay

'Cause I need, need you
You need me too
That means
We're doin' it all together
Doin' it all together
Doin' it all together
Doin' it all together
Doin' it all together
