

For You

CeeLo Green

If I fall in love with you
I need to know that you will love me too
Nobody else for you
And if I give my heart away
I must be sure that I will be the one
The only one for you

If you're only playing games
I don't want to feel a thing
I think I'm proud enough
But you know I'm wanting to believe
You're the one who gave to me
The bright shining miracle of love

And if I fall in love with you
I'll need to know that you love me too
Nobody else for you
Oh...

Oh, promise me there'll be no games
I don't want anything
I have cried enough

I really want to believe
You're the one who gave to me
That shining miracle of love

Oh, if I fall in love with you
I need to know that you will love me too
Nobody else for you
Absolutely no one else for you
Oh, no one else
For you
