

Slow Down

CeeLo Green

Slow down
I'm losin' control of my heart
Slow down
I knew it was you from the start

It doesn't matter how long it takes
As long as I'm with you
Lyin' here 'til the daylight breaks
Lovin' the whole night through

Slow down
I'm losin' control of my mind
Slow down
It's only a matter of time

When I'm away I can feel you there
Watchin' over me
I've found a love that's beyond compare
The way it's meant to be
Slow down

Slow down (Slow down)
I'm losin' control of my heart
Slow down (Slow down)
I knew it was you from the start
Slow down (Slow down)
Slow down (Slow down)
