

# Smells Like Fire

CeeLo Green

Instantly  
Right in front of your eyes  
The rhythm gets inside of me  
And I come alive  
And it makes my body hot  
'm turned up all the way  
Can't you hear it talking  
And sometimes all you can say  
Is ohhh, ohhh  
I'm staring through ya  
I'm watching it happen to you  
Ohhh, ohhh

Our rhythm is gonna get you  
I'll be right there right with you

I said you  
And me  
We  
Are starting to smell like fire, babe  
And I said you  
And me  
We  
Are starting to smell like fire, babe  
Ooh

Ooh I told ya baby  
If you were wondering how  
Now you're starting to steam  
Do you believe me now?  
And don't it make your body hot  
Your sexy is starting to burn  
Everybody's waiting  
Baby now it's your turn  
Say ohh ohh  
Feels so nice and cozy  
Cause now your body knows me  
I said ohh, ohh  
Don't take your heat from me  
Cause it's cold without your company

I said you  
And me  
We  
Are starting to smell like fire, babe  
I said you  
And me  
We  
Are starting to smell like fire, babe  
Ooh

Everybody's alright, ooh, baby  
Baby don't you show shame at all  
My back's up against the wall  
And we're grinding  
Till it smells like fire babe  
And it's gonna burn forever

Just as long as we're together  
We'll be grinding  
'Till it smells like fire babe

I said you  
And me  
We  
Are starting to smell like fire babe  
I said you  
And me  
We  
Are starting to smell like fire
