

Wildflower

CeeLo Green

Who should I be
Whether I'm good or bad
Should lead us both to be
So I pray for the rain
And if I had her every day
I'd still praise her just the same

All it takes is some moonlight and as long as the weather's fair
Reacts to a rhythm, Romanced by the evening air
A fragrance on her flesh this is who she is don't apologize
You are to awe her but you'll only be beautiful in the beholder's eye

Wonderful Wildflower
Open up let me see
Sexy is in season,
Share your sunshine with me

The picture is perfect, a keepsake cause the occasion's rare
It's poetry in motion, I'm just proud to say that I was there
To pull her out of the ground, standing out in the crowd, Oh my
how she's grown
Hold her with both my hands and put her right on the table when
I get her home

Wonderful Wildflower
Open up let me see
Sexy is in season,
Share your sunshine with me

Show those pretty colors baby,
Show them all to everyone, everybody's got a little light under
the sun

Wonderful Wildflower
Open up let me see
Sexy is in season,
Share your sunshine with me

Wonderful Wildflower
Open up let me see
Sexy is in season,
Share your sunshine with me
