

# Make Me

Celeste Buckingham

I'm running out of time  
I'm running out of things to say  
I must be out my mind  
Trying to keep these feelings awake

I wanna turn back time  
I wanna take back my mistakes  
I must be out my mind  
Trying to change and still say

That I can't see no one else in my bed  
And I don't know how I got me into this mess  
And I want you but I don't know how to commit  
Gotta try and try and try

Make me make me your one and only  
Give me one night to say I'm sorry  
I can't lose this chance to win you back  
Take me don't leave me feeling lonely  
Baby you gotta know you love me  
Let's go back to everything we had  
Make me your only

I need a time machine  
Something that takes me far away  
Where I don't feel a thing  
Maybe then this heartache will end

I gotta make believe  
That you and I will meet again  
And then you'll talk to me  
Maybe then and you'll say

That I can't see no one else in my bed  
And I don't know how I got me into this mess  
And I want to but I don't know how to commit  
Gotta try and try and try

Make me make me your one and only  
Give me one night to say I'm sorry  
I can't lose this chance to win you back  
Take me don't leave me feeling lonely  
Baby you gotta know you love me  
Let's go back to everything we had  
Make me your only

I don't want another war  
I can't take it anymore  
Want it the way it was before  
I know I won't find what I'm searching for

Make me make me your one and only  
Give me one night to say I'm sorry  
I can't lose this chance to win you back  
Take me don't leave me feeling lonely  
Baby you gotta know you love me  
Let's go back to everything we had

Make me your only

I don't want another war

I can't take it anymore

Want it the way it was before

I know I won't find what I'm searching for
