

## D-E-V-I-L

Celeste

Can't breathe without your loving embrace  
I was found above  
And if I could, I'd make a deal  
With the D-E-V-I-L himself  
Show no mercy, I have no shame  
I'll be a puppet in this endless game

I need you to know (Know, know, know)  
That's there's nothing, nothing I wouldn't do (Do, do, do)

Like a knock to the eye, feel these high stakes  
It's an eye for an eye when you deal with the D-E-V-I-L  
With the D-E-V-I-L  
Take my soul 'cause I can't take the heartbreak  
It's an eye for an eye when you deal with the D-E-V-I-L  
With the D-E-V-I-L

A bitter road that bears a cross  
When you left me, paradise was lost  
You know for you, I'd pay any price  
Live in shadows for the rest of my life  
'Cause I'd be done without you  
Please forgive me for what I'd do

I've no control (Control, control, control)  
There's nothing, nothing I wouldn't do (Do, do, do)

Like a knock to the eye, feel these high stakes  
It's an eye for an eye when you deal with the D-E-V-I-L  
With the D-E-V-I-L  
Take my soul 'cause I can't take the heartbreak  
It's an eye for an eye when you deal with the D-E-V-I-L  
With the D-E-V-I-L

So what's the point in being holy?  
'Cause I'll be burning either way, you know me  
And I've been thinking 'bout your good love  
Losing virtue to your kiss, I've no control
