

Little Runaway

Celeste

Dreamin' of a life
Everybody got somethin'
Starin' at the sky
I don't see nothin' comin'
Thinkin' on my prayers
Maybe they were all misplaced

Good news, I could use some
One man revolution

Hallelujah, take me to ya
'Cause I'm lost alone again
Hallelujah, take me to ya
I don't believe, but I'll pretend
Your little runaway is runnin' out of faith
So if you can
Hallelujah, take me to ya
'Cause I'm waiting

Putting on my shoes, can you see me comin'?
Right out of the blue
Gonna hit the clouds runnin'
Are you even there
Or is all of this misplaced?

Good news, I could use some
One man revolution

Hallelujah, take me to ya
'Cause I'm lost alone again
Hallelujah, take me to ya
I don't believe, but I'll pretend
Your little runaway is runnin' out of faith
So if you can
Hallelujah, take me to ya
'Cause I'm waiting

I need a light shone
To hear the right song
If I'm to see your face again

Hallelujah, take me to ya
'Cause I'm lost alone again
Hallelujah, take me to ya
I don't believe, but I'll pretend
Your little runaway is runnin' out of faith
So if you can
Hallelujah, take me to ya
'Cause I'm waiting
Hallelujah, take me to ya
'Cause I'll be waiting
