

## Ugly Thoughts

Celeste

We could be  
Too close, too close for me  
We could be  
Too close, too close for me  
'Cause I've been alone, overindulged  
This has been a long for me  
I always changed my mind  
Didn't mean to lead you on and let go  
But how could I just turn around?  
But how could I just leave you now?

Turn around  
Look up now, look up now, is it too late to turn back now?  
'Cause in my mind it makes sense  
Turn around  
Look up now, look up now, is it too late to turn back now?  
'Cause in my mind it makes sense

Shouldn't've kept you here  
When I had nothin' to show you  
Don't wanna let you see me  
And on my face it's written, it's all over  
But how could I just turn around?  
When nothing goes to plan  
Got this blood on my hands

Turn around  
Look up now, look up now, is it too late to turn back now?  
'Cause in my mind it makes sense  
Turn around  
Look up now, look up now, is it too late to turn back now?  
'Cause in my mind it makes sense
