

Somebody Else

Celina Sharma

I remember when you stumbled through the lobby (mmm yeah)
And you asked me "What's your name? Where you going?" (mmm)
Small talk conversations led to hours drinking coffee
Forgot your number couldn't call you in the morning (yeah)

No, I don't feel like dreaming of days with somebody else
Don't want to waste all my feelings on someone else
Think of us when I'm done for the night
What do you see when you close your eyes?
I never dreamed of spending days with somebody else

I was in town for the day kind of lonely
Then I ran into you and my heart dropped slowly (ahh)
And right in the moment when you realized something special
Now I'm wondering why you never called me back

No, I don't feel like dreaming of days with somebody else
Don't want to waste all my feelings on someone else
Think of us when I'm done for the night
What do you see when you close your eyes?
I never dreamed of spending days with somebody else

Somebody, somebody, somebody, somebody else
Somebody, somebody
I never dream of...
Somebody, somebody, somebody, somebody else
Somebody, somebody
I never dream of...

I don't know when I'll see ya, yeah
But no one makes me feel like you do
I've been thinking about that I'm still happy for the time we spent
And I don't know if I'll find somebody else

No, I don't feel like dreaming of days with somebody else
Don't want to waste all my feelings on someone else
Think of us when I'm done for the night
What do you see when you close your eyes?
I never dreamed of spending days with somebody else

Somebody, somebody, somebody, somebody else
Somebody, somebody
I never dream of...
Somebody, somebody, somebody, somebody else
Somebody, somebody
I never dream of...
