

# We Are One

Celina Sharma

Let's unite  
With the colours of our stripes  
From London to Mumbai as one  
This is the time  
Our people by our side  
Waving flags in the sky we're one

'Cause when we stand together  
We can rise forever  
The glory and triumph will be ours  
So reach up high to the heavens  
And scream for your legends  
And let the roar rattle your heart

We are one...  
We are one...

When it's all said and done  
And we're champions  
We'll scream from the top of our lungs  
Let's dance through the night  
With our hands up high  
And jump to the beat and let's fly

We are one...  
Ooh ooh...  
We are one...

'Cause when we stand together  
We can rise forever  
The glory and triumph will be ours  
So reach up high to the heavens  
And scream for your legends  
And let the roar rattle your heart

Ooh ooh...  
We are one...  
Ooh ooh...  
We are one...

'Cause when we stand together  
We can rise forever  
The glory and triumph will be ours  
So reach up high to the heavens  
And scream for your legends  
And let the roar rattle your heart
