

# Declaration of Love

Celine Dion

Come on, yeah

You are my knight in armor  
The hero of my heart  
When you smile at me I see  
A true world go up  
The river is getting deep, believe it  
You're all these arms of mine wanna hold  
All wrapped up with a river  
Baby, I'm giving you this heart of gold

So listen up, it's you I trust  
I feel magic every time that we touch  
I pledge allegiance to the heavens above  
Tonight to you baby I make my declaration of love  
(Hey of love)

Just like Juliette belonged to Romeo  
You can stay prepared that I won't be letting you go  
In the heat of the night  
So right you taste my sweetness on your lips  
I'll make it better than you ever dreamed  
And the rest of your life will be just like this

(Baby) So listen up, it's you I trust  
I feel magic every time that we touch  
(Baby) I pledge allegiance to the heavens above  
Tonight to you baby I make my declaration of love

So listen up, it's you I trust  
I feel magic every time that we touch  
(Yeah) I pledge allegiance to the heavens above  
Tonight to you baby I make my declaration of love

Declaration of love (love)  
Declaration of love (heh)  
Declaration of love (oh)  
Declaration of love (no no no no)  
Declaration of love (to you baby)  
Declaration of love (oh)

In the heat of the night  
So right you taste my sweetness on your lips  
I'll make it better than you ever dreamed  
And the rest of your life will be just like this

(Baby) So listen up, it's you I trust  
I feel magic every time that we touch baby, baby  
I pledge allegiance to the heavens above  
Tonight to you baby I make my declaration of love

So listen up, it's you I trust  
I feel magic every time that we touch  
I pledge allegiance to the heavens above  
Tonight to you baby I make my declaration of love

So listen up, it's you I trust

Don't you know, don't you know  
I pledge allegiance to the heavens above  
I swear to you baby

So listen up, it's you I trust  
(Ooh) I pledge allegiance to the heavens above
