## **Halfway to Heaven**

**Celine Dion** 

Come and go with me Wherever I am I want you to be Walking with your hand in mine Feel so fine

When I'm close to you I know what it means to want to be true Never felt this way before Is there more

Are you feeling the same as me honestly Don't you think it's unreal I'm not dealing in fairy tales If this fails I don't know what on earth I will do 'cause I'm Halfway to heaven Let's go all the way I don't want to give it up 'Cause I'm already falling in love

When we reach that place I'm dying to see the smile on your face I'm so sure you'll want to stay That's okay

I have so many dreams to share Please be there Let me share them with you If you're looking for happiness nothing less Come with me, baby I'm looking too and I'm Halfway to heaven Let's go all the way I don't want to give it up 'Cause I'm already falling now Halfway to heaven Let's go all the way I don't want to give it up 'Cause I'm already falling in love

I don't want to give my life in moderation (baby no) I'm prepared to give myself up to temptation it's time I could use a little love and inspiration (baby now) Come and share the joy and join the celebration It's time Hoping and praying that soon you'll be saying be mine

I don't want to give it up I don't want to give it up 'Cause I'm already falling in love You're makin' all my senses come alive
