You're the reason I was born Now I finally know for sure And I'm overwhelmed with happiness So blessed to hold you close The one that I love most With all the future has so much for you in store Who could ever love you more?

The nearest thing to heaven, You're my angel from above Only God creates such perfect looooove

When you smile at me, I cry And to save your life I'll die With a romance that is pure heart, You are my dearest part Whatever it requires, I live for your desires Forget my own, needs will come before Who could ever love you more?

Well there is nothing you could ever do, To make me stop, loving you And every breath I take, Is always for your sake You sleep inside my dreams and know for sure Who could ever love you more?
