

# Nobody's Watching

Celine Dion

I've had it up to here, up to my neck  
With everything politically correct  
Just wanna lock myself away, leave me alone  
Gonna lay it all out on my hairbrush microphone

I wanna sit like nobody's listening  
I wanna talk like nobody cares  
I wanna party like a believer  
I wanna wear whatever I wear

I wanna dance (dance), dance (dance), dance like nobody's watch  
ing  
I wanna dance (dance), dance (dance), dance like nobody's watch  
ing (nobody's watching)  
I wanna dance (dance), dance (dance), dance like nobody's watch  
ing (nobody's watching)  
I wanna dance (dance), dance (dance), dance like nobody's watch  
ing  
Nobody

(Nobody)

Too much information in my head  
I need to disconnect, I'm in the red  
Just wanna get my body right back in the zone  
Gonna lay it all out on my hairbrush microphone

I wanna sit like nobody's listening  
I wanna talk like nobody cares  
I wanna party like a believer  
I wanna wear whatever I wear

I wanna dance (dance), dance (dance), dance like nobody's watch  
ing (hey!)  
I wanna dance (dance), dance (dance), dance like nobody's watch  
ing (nobody)  
I wanna dance (dance), dance (dance), dance like nobody's watch  
ing (nobody's watching)  
I wanna dance (dance), dance (dance), dance like nobody's watch  
ing  
I wanna dance like nobody's watching  
I wanna dance like nobody's watching (nobody's watching)  
I wanna dance like nobody's watching (nobody's watching)  
I wanna dance (dance), dance (dance), dance like nobody's watch  
ing  
Nobody  
Nobody
