

# New Age

Celldweller

(Welcome to the dawn)  
Dawn of a new age  
Of a new age  
(Welcome to the dawn)  
Dawn of a new age  
Dawn of a new age

We are citizens of a future redefined  
No regrets tied to the things we leave behind

Brand new possibilities, technologies and currencies  
A new sun will rise and shadows quickly fade  
(Dawn of a new age)
