## Where The Rivers Of Madness Stream

Cemetary

Take me to the other side beyond this world I know thru madness eternal falls my sanity will flow

Here I will be where the rivers of madness stream down the gules to a pit of dream

My sanity defiled now I leave behind to plaines immortal I unleash my mind

Here I am not lost these sights are not strange to me and I shall not dwell alone within my insanity

"Though dead I seem
I will live forever within my dream
for beyond the lakes of sanity
our dreams become reality"
