

Bunda

Central Cee

London city I grew in
Screwface capital, can't stop screwing

Yo, she too intrusive
She wanna know all of my business
Where am I going and what am I doing?
London city I grew in
Screwface capital, can't stop screwing
We brought 22 in
My dargie do him, we ain't arguing
Her jaw keep swinging, she can't stop chewing

That's suttin I don't want nuttin to do with
Just juice, spill some fluid
Test my gangsta, don't be stupid
She got bunda, I need her
Bundesliga, Bayern Munich
Introduce it, I couldn't refuse it
Truth is that I wanna reproduce it
Baby, take my time and seduce it

Sending me purple snaps
When I'm out with the guys so my iPhone muted
2006 G-Unit
I'm feeling like DJ Whoo Kid
Sending me purple snaps
When I'm out with the guys so my brightness low
2006 G-Unit
I feel like Tony Yayo

Don't ask what I seen with these eyes
I'm legally blind but I don't need braille
I made my name off a tape
My album come like the Holy Grail
Rap ain't the only way out
Bro made a couple of mill' off stocks
I remember thinking I'm doing my ting
Making a couple of bills off rocks

She asked for my government name
First day that we met, she doing too much
Not to mention that she complaining
Saying I'm laid back and I'm not doing enough
You know that you're moving up in the world
When you're in the same room as Puff
Tunnel vision, I keep it moving
I don't care who's in front

Yo, she too intrusive
She wanna know all of my business
Where am I going and what am I doing?
London city I grew in
Screwface capital, can't stop screwing
We brought 22 in
My dargie do him, we ain't arguing
Her jaw keep swinging, she can't stop chewing

That's suttin I don't want nuttin to do with
Just juice, spill some fluid
Test my gangsta, don't be stupid
She got bunda, I need her
Bundesliga, Bayern Munich
Introduce it, I couldn't refuse it
Truth is that I wanna reproduce it
Baby, take my time and seduce it
