Commitment Issues

Central Cee

(Mokuba)

I got commitment issues
But I'm tryna fix that for you
If I can't afford that bag that you want
Then I will lick that for you
I wanna be there for you
I knew that the day I saw you
Too many times we argue
Sorry for all of the names I called you
Shoulda never called you a bitch
But I did, now you're pissed, tryna cut my clothes
Shoulda deleted that text
Then you wouldn't of known that I fucked those hoes
Don't act like you care how I feel
Don't act like you care how I feel, you don't
Don't like how you act so skoin
You start move mad when I tell you no

But I wanna make it known
I gotta take my time with love
So we gotta take it slow
I'm not used to this type of stuff
But I can still make you moan
Anytime that you want, I can lay that
You wait on the day that I say that I love you too
But I just can't say that
You want that bag, I'ma hit that trap
In a week, I'll make that purchase
One touch, make her legs start shake
Make her legs start shake like I make you nervous
Every time that I rap 'bout hoes
I know that you hate those lyrics
I don't believe in love
But that doesn't mean I don't take you serious

I got commitment issues
But I'm tryna fix that for you
If I can't afford that bag that you want
Then I will lick that for you
I wanna be there for you
I knew that the day I saw you
Too many times we argue
Sorry for all of the names I called you
Shoulda never called you a bitch
But I did, now you're pissed, tryna cut my clothes
Shoulda deleted that text
Then you wouldn't of known that I fucked those hoes
Don't act like you care how I feel
Don't act like you care how I feel, you don't
Don't like how you act so skoin
You start move mad when I tell you no

I got commitment issues
I know that your ex still miss you
You can't get enough of my love
'Cause I give you a fuck that your ex can't give you

Send the location, I'm speeding
'Cause I got no patience
Twenty bags on trainers, think I'm famous
I got a lot of hoes though lately
I get a dough though lately
And I get paid on the promo lately
A lot of fake love in the air
Can't go nowhere on my solo lately
Me and her just argue daily
She knows that I trap so her mums don't rate me
When I don't text back, I ain't with a yat
I'm in the bando baby

I got commitment issues
But I'm tryna fix that for you
If I can't afford that bag that you want
Then I will lick that for you
I wanna be there for you
I knew that the day I saw you
Too many times we argue
Sorry for all of the names I called you
Shoulda never called you a bitch
But I did, now you're pissed, tryna cut my clothes
Shoulda deleted that text
Then you wouldn't of known that I fucked those hoes
Don't act like you care how I feel
Don't act like you care how I feel, you don't
Don't like how you act so skoin
You start move mad when I tell you no
