You know what it is now  
Take time I got shit I need to think bout  
I been busy, no time for me to sit down  
Bare shots, gold clock pon my wrist now, Ha  
Making money on the strip now  
Anyway now back to the pic now  
Aye, We been talking for a bit now  
Got me thinking bout your lips, lemme grip on your hips now  
Your ex man hes old news  
If I say it then its so true  
Late night on the phone call  
She say she love my vocals  
I'm watching from far tryna get with her  
I knew from straight when I met with her  
No next chick can test with her  
Catch suttin' unexpected if you mess with her

Your body got me fiending  
Cute lil face got me dreaming  
Never thought that I'd fall this easy  
(But its suttin' different girl)  
Suttin different best believe me

Come we getaway (aah)  
Take you on a date (aah)  
Lay it down make you say (aah)  
Baby don't be afraid (aah)  
Come we getaway (aah)

Love me if you love me don't say it if you don't  
If I speak it then I done it, if I don't then I don't  
Don't know what I'm becoming, I'm becoming but I won't  
Let it get to me  
Try step to me get ghost!  
Overly flirty babe  
Let's make it certy babe  
Had my eyes on you since early babe  
To be honest wanted you in the first place  
If you're free then I'm rolling  
I wanna hit in the morning  
Wanna hear you moaning  
Truths unfolding  
You know I get it in  
Let's make it more than a fling  
Come spend the night witchya boy  
Guaranteed that you will forget him, Ha!

Come we getaway (aah)
