

Over You

Central Cee

Oh yeah, yeah

See I can cry over my mum eh
But I can't cry over you babe (cry over you)
See I can cry over my mum
But I can't cry over you babe (cry over you)

See am a nobody only cause I chose this
My life Pokey a movie for the focus
See I can cry for my mum
But I can't cry over you

And I'll don't meet me small
I just love my company more than once in a while
Even if I didn't, yeah my lifestyle is roar
Hey, and you don't get me like I get my self
If you knew me from my jumpy it would explain my self
Like when I was 5 I used to wear myself
I could have bring myself I had to get up on my own get the bed change itself

From the baby I've been self sufficient
I go and got to school but ain't got money
Everyday is a mission
Reembark my pen couldn't even start

I wish I could though
Once I get my money am a good doll
I don't think I am
While my 100 bands could

I don't I can make a meal or not
Spend it my money on my ex family
Mean really you are am
Who did u think you are
I did not see your mama but you darshed it into the park

Are you the man of the yard
See my I been I have lost it
I aren't even own gossip
Payed the pin is dropin

Hey, I was supposed to write a song for you babe
Am so off topic
All broken, off the side block popping
Still there my young don the name is
Robin
He already here

See I can cry over my mum eh
But I can cry over you babe (cry over you)
See I can cry over my mum eh
But I can cry over you babe (cry over you)

See am a nobody cause I chose this
My life Pokey for the movie focus
See I can cry for my mum

But I can cry over you

See I can cry over my mama, I can cry over you
And I can pay my little gama but I can't over you
And am trying to find a life I can find it in you

You can turn your back on me
I can turn 1 into 2

And I can over my mama, I can cry over you
And I can pay my little young brah but I can't pay you
Tryna find a life while I can't find it in you

You turn your back on me
I can turn 1 into 2 yeah
