

Straight Back To It

Central Cee

(You are now listening to Young Chencs)

Always remember that, bro
When you was sleepin' on trains, and you're homeless
And your mums just kicked you out, and all them ting there?
People would've loved to shit on you
So now you're doing your ting and you're gwarning, stay cooking
Done a graveyard shift last night, woke up today and got-

Done a graveyard shift last night
Woke up today and got straight back to it
Took me an L, no problem
I got on my grind, got straight back to it
Had to handle a call in the middle of jeetin'
I put down my phone, got straight back to it
They freed my bro, got straight back to it
Bro-bro fresh home, got straight back to it
Done a graveyard shift last night
Woke up today and got straight back to it
Took me an L, no problem
I got on my grind, got straight back to it
Had to handle a call in the middle of jeetin'
I put down my phone, got straight back to it
They freed my bro, got straight back to it
Bro-bro fresh home, got straight back to it

Look, we all go through hard times
That's why it's "Live yours" and it's not "Live mine"
You gotta turn up some times, live life
You gotta work hard or you're not gon' shine
Told the promoter
"I'm not performin' if I can't come with all of the guys"
I got the ball right now, it's my time
But I told bro-bro "Go long, go wide"
They shot their shot, but it was offside
It's from Virgil when I rock Off-White
No cap, this shit ain't no made up rhymes
Got away with words, got away with crimes
Told lil' bro "You're the next in line
But be patience, it'll take some time"
Don't think cah we ain't got back just yet
That we just gon' let it slide

Done a graveyard shift last night
Woke up today and got straight back to it
Took me an L, no problem
I got on my grind, got straight back to it
Had to handle a call in the middle of jeetin'
I put down my phone, got straight back to it
They freed my bro, got straight back to it
Bro-bro fresh home, got straight back to it
Done a graveyard shift last night
Woke up today and got straight back to it
Took me an L, no problem
I got on my grind, got straight back to it
Had to handle a call in the middle of jeetin'
I put down my phone, got straight back to it
They freed my bro, got straight back to it

Bro-bro fresh home, got straight back to it

I thought this shit was hip-hop
Not gon' lie, I'm a bit disappointed
Certain man wanna move like divas
What can I say, it's for entertainment
I fucked shawty, and I left her high
And driest deep, she thought I was stayin'
Fuck, I just lived up to the stereotype we all the same, shame
Uh, she wanna get slapped in the face
I'm a afraid it's a bit too kinky, and I'm not tryna catch me case
Say what I want, you don't have to relate
Unlike most of these artists that's lyin', I'm actually paid
I don't want aftermarket diamonds, man, I want factory made
OGs need to get back to reality
I don't wanna hear about back in the day
Go on the net, all I hear is "Chench"
I don't wanna hear them chattin' my name
All of these guys tryna cut the campaign
I feel like I was outside, trap in the rain
Been through a lot, I can handle the fame
I waste no time, get straight back to it

You need to remember brother, yeah
First they love you, then they hate you
Waste no time, get straight back to it
You know you can't do no wrong
You know you're golden boy
And then they start tryna slowly find chinks in your armor
And things to take you down

Done a graveyard shift last night
Woke up today and got straight back to it
Took me an L, no problem
I got on my grind, got straight back to it
Had to handle a call in the middle of jeetin'
I put down my phone, got straight back to it
They freed my bro, got straight back to it
Bro-bro fresh home, got straight back to it
