

# Tension

Central Cee

(Rah, it's BKay unah)

Back streets, gotta move lowkey  
Cah one wrong move and I might get done  
Before I thought 'bout going A Jewellers  
Stupid, I thought 'bout buying a gun  
Got one on my left and she brown like Henny  
The one on my right is white like rum  
I'm telling my bro don't quit  
Put in the work and your time will come  
They're lying on us  
We ain't from the road, apparently and we ain't on none  
Cyan't style on us  
I don't need no Roley, I'm still gon' buss  
My old man told me, "Quiet your noise  
You don't gotta kick up a fuss"  
Trigger finger, click it and buss  
Dinger whip with the stiffest clutch

Bando kway, no reception  
Bad B stressed, I don't show her attention  
We don't ever go to no restaurants  
Cinema date, she don't know that tension  
I'm in the deep end, no lengthen  
Give me that real deep throat, no Lemsip  
Tempted, tempted  
Who's got a mash new plate  
Cah the dots too vintage?

Wadz went half on my studio time  
Them times all I had was a ten sheet  
They showed me love when my belly was empty  
Bare red eye, now they jelly, they envy  
Envy, pree my Givenchy  
They didn't think that I had it in me  
Harry wan' pin-up Pinero  
I gave him a chunk of the dark, no filly  
Just left, she sent me a text  
She miss me already, bae, don't be silly  
My baby think that she know everything  
So I don't need Siri  
As a pickney, I didn't watch Disney  
Channel, my telly didn't have that many  
Somedays dinner Nutella and bread  
Nowadays it's the Tagliatelle

Bro had to fling on a tracky  
Couldn't disguise this ting in his slim fits  
Big ZK on waist, now he's limping  
Stay with my darg, my darg like Tin Tin  
Come up off hard cocaine not pimping  
Bad B nearly had man simping  
Lost my mind like what was I thinking?  
Way too wet, nearly had man sinking  
Came home, OT, I was stinking  
After my shower, I'm back in a dusty trap  
Felt sorry for boss when I bumped that cab  
But I got no choice, I'm sorry, my bad  
One day I'll pay mumsie back  
For the times that I had my fam going mad  
Tell the council that we don't need that flat  
They can take that back  
Got the brand new gaff
