

## Xmas Eve

Central Cee

Done a lot of bad things for the P's  
I was in desperate need  
Driver, go get that re  
Me and my team work collectively  
I'm on the A40, tryna act lig  
When I hit the back road I'll pick up speed  
The trap phone jump 23  
And I'm on 2-4's like Christmas Eve

I get up and grind, you get up get high  
You wake 'n' bake, I'm awake and working  
The mandem locked, I'm burning  
But the hands on the clock keep turning  
Clean up the streets detergent  
Cee on repeat, I'm too determined  
Bando need refurbishing  
I'm using bedsheets as curtains  
Two days I ain't brushed my teeth  
But I don't give a fuck 'cause I flushed that re  
Is it just me  
Or do they rap just like me?  
My little bronem seen me with P, on G  
And now they wanna trap like me  
Try talk bad on YG, my G, and I won't take that lightly

You're chatting 'bout man like a bitch  
I don't like that shit, that's a sign of a snitch  
I'm tired of this  
Soon retire my mumsy and then go reside in the sticks  
Can't even invite that bitch, cah they wanna know where I live  
My people hating, fans love me and they don't even know the kid  
You're way too emotional  
This is business so I'm emotionless  
I kept it real and I showed him love  
Never done in the plug like Sosa did  
Why they moving provocative on the 'net  
In the flesh they're the opposite  
Me and Ybeez on similar ting  
Eating off minimal risk

Done a lot of bad things for the P's
