

My Inner Mate

Cerebral Turbulency

My drug is my world
My inner mate
Society wonders why drugs are so popular!
Why not?!
It's an opportunity to get away from ordinary
Life and our hectic times
Grind core it's force and power
Grind core it's a shit hammer
Force and power
It's a shit hammer
Life hammer
My generation
My inner mate
Sincere as fuck
Grind core
To form your private world
I'm dependent - my drug is grind core
Grind core - new generation
Grind core - sincere as fuck
Sincere no compromise
