

## The More-The Higher

Cerebral Turbulency

Fucking stupid idiots!  
They're trying to break through the wall  
With shit on their hands  
They're flaping their hands in the air  
With bullshit on their tongues  
Idiots are staring up at them  
And eat all the crap, it tastes good to them  
The impossible is impossible!  
Hey people, don't be so stupid!  
Don't you see that shit is still the same?  
Sitting in the leather arm-chair with  
Their hands on their knees, doing nothing  
They're laughing to everybody and filling their own pockets!
