

# Hibernation

## Ceremony

You took pictures of your life  
But stopped after awhile  
Closed your eyes to faith  
Shame and denial  
You think now  
Nothing went right  
But you're wrong  
You're so wrong  
Are you having those dreams again?  
Bodies of water  
You have to get through this  
Get through it all  
Get through it all  
Get through it all
