

Nobody But You

Cesar Sampson

Lord, I'm gonna get so high tonight
I'm gonna let the floodgates open wide
I'm in open water
This is what I need
And though I try to get you off my mind

And I get no sleep
I'm in too deep
I can't let you leave

It wouldn't be right letting you go running away from love
Ain't nobody but you I can hold onto
So am I wrong giving my all making you stay tonight?
Ain't nobody but you I can hold onto
(Ain't nobody, ain't nobody)

(Hey)
Lord, I'm gonna bring you back tonight, girl
Oh, you're running circles round my mind
After your words have been my bible
How can I search for someone new?
When I really want you by my side

And I get no sleep
I'm in too deep
To let you leave

It wouldn't be right letting you go running away from love
Ain't nobody but you I can hold onto
(Ain't nobody, ain't nobody)
So am I wrong giving my all making you stay tonight?
Ain't nobody but you I can hold onto
(Ain't nobody, ain't nobody)

Don't make me tear my heart out
I'm shaking 'til I fall down
Don't make me tear my heart out
Don't make me tear my heart out
I'm shaking 'til I fall down
Don't make me tear my heart out

It wouldn't be right letting you go running away
Ain't nobody but you I can hold onto
So am I wrong giving my all making you stay tonight?
Ain't nobody but you I can hold onto
(Ain't nobody, ain't nobody)
It wouldn't be right letting you go running away from love
Ain't nobody but you I can hold onto
(Ain't nobody, ain't nobody)

Ain't nobody but you
