So I want you to stay here

Yeah  
Oh, yeah  
Want you to stay here  
Stay here  
Stay here

The sun came up again  
Void and empty  
Yeah, I'm still there  
Hiding the sighs and regrets  
Behind the smiles  
And being pathetic

A tangled knot  
As if to blame  
Heart is full of gray ash  
No such thing as a beautiful farewell  
Stay with me, oh, oh

When you miss someone once in a while  
Just think of me  
I'll live by you somehow  
I want you to stay here, yeah-eh

Puffing out smoke  
In the sky covered with dark clouds  
When this grey rain stops pouring  
It feels like you might come back  
I'll be standing  
Right here  
Don't forget me, oh, oh

When you miss someone once in a while  
Just think of me  
I'll live by you somehow  
Just like we do here, still

I endure and suffer on my own  
In that day even after today is gone  
I can't let it go  
The time we had together

When you miss someone once in a while  
Just think of me  
Your yesterday will be my today  
So I want you to stay here

Yeah  
Oh, yeah  
Want you to stay here  
Stay here  
Stay here
