

Gimme the Love

Chad Brownlee

Who the hell are you I don't know you now
I swear I'm just lookin' at a stranger now
I can still remember when we started out
We made love look easy
Girl, we're two trains on different tracks
I'm tryin' everything just to get us back
It might take a little time but I don't mind
Nobody said love was easy
I'm here to fight for us tonight

Gimmie the hurt, gimmie the pain
Baby I want the whole damn thing
Gimmie the you you're tryin' to hide
I ain't afraid, I'm not gonna run
So gimmie the bullets in your gun
'Cause I care enough
Do you care enough to gimmie the love?

I guess this is where push comes to shove
So go ahead baby take off your gloves
There's nothing you could say would ever be too much
You know that I ain't leavin'
There's a whole 'lotta water underneath the bridge
So why you gotta keep on burnin' it
When all I wanna do is just lay you down
I want your love
I wanna feel it

Gimmie the hurt, gimmie the pain
Baby I want the whole damn thing
Gimmie the you you're tryin' to hide
I ain't afraid, I'm not gonna run
So gimmie the bullets in your gun
'Cause I care enough
Do you care enough to gimmie the love?
To gimmie the love

Baby don't you miss the way we used to kiss?

Gimmie the hurt, gimmie the pain
Baby I want the whole damn thing
Gimmie the you you're tryin' to hide, yeah
I ain't afraid, I'm not gonna run
So gimmie the bullets in your gun
'Cause I care enough
Do you care enough to gimmie the love?
I want you back
I want you now
I want your kiss
I need it
I want your hurt
I want your pain
Everything
Girl, I need it
I want you back
I want you now
I want your kiss

I need it
I want your hurt
I want your pain
Everything
Girl, I need it
Uh huh
Gimmie the love
Uh huh
