

# We Don't Walk This Road Alone

Chad Brownlee

We're all doing this thing called living  
Everybody plays the cards they're given  
Sometimes, don't it feel like they're stacked against ya?

When you're looking up waiting for the sky to fall  
Stuck between a rock and a wrecking ball  
Hold on to your hope and just remember

We don't walk this road alone  
We don't walk this road alone

If you look around it won't take you long to figure  
Your problems are big but the world is bigger  
It won't stop, it keeps on spinning

The best that you can do is just hold on tight  
Knowing that there's someone on the other side  
You don't know you're taking this ride with him

We don't walk this road alone  
We don't walk this road alone  
If there's one thing that I know  
We don't walk this road alone  
No, we don't

We don't walk this road alone  
No, we don't  
No, we don't  
We don't walk this road alone

We don't walk this road alone  
I don't want nobody to walk alone  
We don't walk this road alone  
No we don't, no we don't  
If there's one thing that I know  
I don't want nobody to walk alone  
We don't walk this road alone

We don't walk this road alone  
We don't walk this road alone  
If there's one thing that I know  
We don't walk this road alone
