

Freedom for a Policeman

Chad VanGalen

Policeman
Who are you chasing now
Why won't you leave them be?
Why won't you set yourself free?

Policeman
You've become such a drag
Why won't you be our friend?
And drop your gun in hand?

All your lights are beautiful
As you're bashing in my skull
And my stolen bicycle
Policeman

Freedom
Freedom and love
Flowers blowing in the wind
Flowers blowing in the wind for you

Freedom
Aww freedom and love
Flowers blowing in the wind
Flowers blowing in the wind for you

Policeman
Who are you chasing now
Why won't you leave them be?
Why won't you set yourself free?

Policeman
You've become such a drag
Why won't you be our friend?
And drop your gun in hand?

All your lights are beautiful
As you're bashing in my skull
And my stolen bicycle
Policeman
