

# Where Are You Tonite

Chaka Khan

Got my love  
Got my love lemme give it to ya  
Got my love  
Got my love lemme give it to ya  
Got my love, got my love

Walkin' home, your kisses on my mind  
Feelin' like nothin' can harm me now

Where are you tonite  
Where are you tonite, Baby  
Where are you tonite, (oh) won't you tell me baby  
Where are you tonite

(Ooh where are you)

Minutes move, oh, so slowly now

And I can't groove, unless your answer's loud

Where are you tonite  
Where are you tonite, Baby  
Where are you tonite, (oh) won't you tell me baby  
Where are you tonite

Love is true, love is real  
Loving you is how I feel [repeat 4 times]

Where are you tonite  
Where are you tonite, Baby  
Where are you tonite, (oh) won't you tell me baby  
Where are you tonite

(Ooh where are you)

(Ooh where are you)

Our love is such a special thing  
It's what I feel inside  
And my reason for existing  
Is to keep you by my side  
Keep you by my side
