

International Feel

Champaign

Turn it up, it's real, too real
It's something we call an international feel
Turn it up, it's real, too real
It's something we call an international feel

It's seriously casual
It's casually serious
It's makin' me delirious
It makes me want to...

Turn it up, it's real, too real
It's something we call an international feel
Come on, turn it up, it's real, too real
It's something we call an international feel

Ooh, a passion for the fashionable
The toys of multinationals
They're always wanting something more
And they find it, turn it up!

It's something we call an international feel
Turn it up!
It's something we call an international, the music

Turn it up, it's real, too real
It's something we call an international feel
(Go get it!)
Turn it up, it's real, too real
It's something we call an international feel, yeah!

Casually serious

Turn it up, ow, it's real, too real
It's something we call an international feel
Turn it up, it's real, too real
It's something we call an international feel, ow!

Turn it up!
Yeah!
Turn it up!
Whoo!
Turn it up!
Yeah!

I feel it comin'
Turn it up
I feel it comin'
I feel it comin'
This international feel today, yeah
Turn it up...
